# The Show:

Part game show, part live theater experience, Old School Game Show never holds back. With live music, sketch comedy, and a real-time game show, the audience can expect the same kind of raucous energy a three-ring circus and truly inspired entertainment brings!

OSGS is a live interactive theater experience done with all the pageantry and analog style of a 1970's television game show.

The show combines elements of pub trivia, variety specials, video shorts, dance numbers, and comedy sketches to produce a completely unique trivia experience that tests each player's pop culture acumen. Contestants have won prizes from fabulous sponsors such as The Boston Music Awards, The Wilbur, The Slutcracker, Improv Asylum, and The Sinclair, as well as tickets to burlesque, comedy, and live music shows!

On top of fabulous special guests, Old School Game Show is also a scripted sketch comedy bonanza with recurring characters, wild plot twists, and gratuitous spectacle. Our fabulous character storylines are written by some of the best comedy writers in Boston. These kooky characters have had our audiences coming back for more and the entire show is backed by an amazing live band playing original OSGS music.

# What people are saying:

*“OSGS is the most creative, entertaining, live experience you can have in New England these days. It makes me pine for the heyday of the Boston comedy scene when you never knew what would happen on the show you were about to see, except that you'd be highly entertained.”*

*- Ken Reid, comedian and host of the TV Guidance Counselor podcast*

*“It's a killer date activity. OSGS mixes kitsch, camp, corn, cheese, cheek and trivia with a house band, stand up comedy, musical guests and the infamous-if-not-famous Cubic Zirconia Dancers”*

*- The Boston Herald*

*“Like The Price is Right got drunk and started dancing on a tabletop!”*

*“Old School Game Show puts your traditional trivia night to shame”*
